Rankings

Conformation Rankings

Top Ten All-Breed statistics are based on dogs defeated in Best of Breed and Group competition. AKC TopDogs reports for the previous calendar year are the source for the All-Breed rankings.

Top Ten Breed statistics are based on dogs defeated in breed-only Best of Breed and Best of Opposite competition. The AKC Awards books for the previous calendar year are the source for the Best of Breed rankings, and include Best of Opposite points. The Best of Opposite Sex rankings are calculated as follows: Number of GSMDs in competition of the same sex, minus one. If Best of Opposite Sex is a class entry, the number of class animals of the same sex, plus the number of Specials of the same sex, minus one. Should the Best of Opposite Sex defeat the Best of Winners, then both sexes of class entries are counted, plus the number of Specials of the same sex, minus one. Award of Merit: GSMDs receiving an Award of Merit at the GSMDCA National Specialty will receive 5 points less than the winner of Best of Opposite Sex.

The Bred-By-Exhibitor Awards recognize the dog and the bitch that accumulate the most points by going Winners Dog (WD) or Winners Bitch (WB) from the Bred-By-Exhibitor (BBE) class. A point is received for each Swissy defeated on the day the dog or the bitch wins WD or WB from the BBE class. A Swissy can only receive points while they are competing for their Championship. Points run through the Calendar year.

Obedience Rankings

Ranking Lists are based on data obtained from the AKC. The top 5 scoring dogs will be identified in Novice A, Open A&B, and Utility A&B. Novice B will be divided into two different lists: a Novice B#1 list for dogs that earn the CD title in a given year and a Novice B#2 list for dogs competing in Novice B in a given year who already have earned a CD title. A Novice B dog will be limited to only one of the Novice B lists in a given year. A dog that has a CD title and subsequently earns 3 or more additional qualifying scores in a given year will automatically be considered for placement on the Novice B#2 list and not the Novice B#1 list. For dogs earning a title in any given year, an average score based on the first three qualifying scores associated with earning the CD, CDX or UD titles will be used. For dogs that have already earned the CD, CDX, or UD title, an average score will be based on the total number of qualifying scores in that class earned subsequent to the title during a given year, with a minimum requirement of 3 qualifying scores required.

DEFINITIONS (CONT.)

Tracking

Tracking Tests allow dogs to demonstrate their natural ability to recognize and follow human scent. A dog only needs to complete one track successfully to earn each title. A dog earns the title Tracking Dog (TD) by following a track 440 to 500 yards long with three to five changes of direction. The track is laid by a human tracklayer and is "aged" 30 minutes to two hours before the dog begins scenting. The goal is to use the scented track to locate an article left at the end of the trail by the tracklayer. The owner, who doesn't know where the track goes, follows the dog on a long leash and can encourage the dog during the test.

Other Titles

Herding

To earn a Junior Herding Dog (JHD), the dog must demonstrate its ability to collect and control stock, put stock in motion, move the stock in straight lines and turns, negotiate obstacles and come to a reliable stop at the pen. The stock must be taken through both corner panels and through the center obstacle to qualify. Course time is 8 minutes.

Herding Trial Dog classes, with levels HTD I, II and III, take place on a standard course. All levels include an outrun, lift, fetch, wear and/or drive, and pen. At the started level, the outrun is short and the handler may accompany the dog and sheep throughout the course. At the intermediate level, the outrun is longer and the handler may accompany the dog only partway through the course. At the advanced level, the outrun is longer, the handler remains at the handler's post until time to pen, and after the pen there is an additional exercise (removing a ribbon from a marked sheep).

AKC Titles

Versatile Companion Dog

Versatile Companion Dog 1 (VCD1) is given to a dog that has earned the AKC titles of Companion Dog (CD), Novice Agility (NA) or Novice Agility Preferred (NAP), Novice Agility Jumpers (NAJ) or Novice Agility Jumpers Preferred (NJP), and Tracking Dog (TD).

Agility

Agility is a sport in which a dog runs through a timed obstacle course under the guidance of the handler. Each run is timed and scored with the goal of completing the course with the highest score possible. To acquire an Agility title, a dog must earn 3 qualifying scores per class level under at least two different judges.

Conformation

Dog shows (conformation events) are intended to evaluate breeding stock. Judges examine the dogs and place them in accordance to how close each dog compares with the judge's mental image of the "perfect" dog as described in the breed's official standard. These standards include qualifications for structure, temperament and movement. In short, they describe the characteristics that allow the breed to perform the function for which it was bred. Most show dogs are competing for points toward their championship. To become an official AKC champion of record, a dog must earn a total of 15 points, which includes 2 major wins under 2 different judges.

Obedience

Obedience Trials test a dog's ability to perform a prescribed set of exercises on which it is scored. Dogs and handlers compete against a standard of perfection, rather than against each other. To earn a qualifying score (leg), the team must score more than 50% of the possible points in each exercise, and earn a total score of at least 170 out of a possible 200 points. An obedience title is earned with 3 qualifying scores (legs).

Novice: The first level, Novice, results in your dog earning a Companion Dog (CD) title. The dog will have to heel both on and off leash at different speeds, come when called, stay (still and quietly) with a group of other dogs when told, and stand for a simple physical exam.

Open: The second level, Open, results in your dog earning a Companion Dog Excellent (CDX) title. He must do many of the same exercises as in Novice, but off-leash and for longer periods. Additionally, there are jumping and retrieving tasks.

DEFINITIONS

GSMDCA Titles

Register of Merit

A ROM is earned for progeny that receive an AKC Championship. A dam must produce 5 champions and a sire must produce 10 champions.

Versatility Greater Swiss

The versatility award was created to recognize those Greater Swiss Mountain Dogs who show great breadth of achievement. One of the primary goals of this award is to encourage all Swissy breeders and owners to preserve the Swissy as an "all around" dog with a long tradition as a multi-use farm dog as well as a beautiful show dog. A VGS title is earned upon completion of the CH and CD titles, plus 2 other GSMDCA accepted titles, including those in the areas of Draft Dog, Pack Dog, Working Weight Dog, Agility, Tracking.

Draft Dog

Draft Tests are a series of exercises designed to develop and demonstrate the natural abilities of purebred Greater Swiss Mountain Dogs in a working capacity. The Greater Swiss Mountain Dog has historically functioned as a draft dog in various capacities, and performance of these exercises is intended to demonstrate skills resulting from both inherent ability and training which are applicable to realistic work situations. Dogs must be willing to work with their handlers and the exercises must be accomplished efficiently. It is also desirable that the dog evidence willingness and enjoyment of his work in a combination of controlled teamwork with his handler and natural independence. To earn a GSMDCA draft dog title, your swissy must earn a passing score in all elements of the draft test. A NDD title is earned at the Novice (on-leash) level, and a DD title is earned at the Open (off-leash) level.

Pack Dog

Earning a Pack Dog title requires the dog to carry a percentage of its weight on a five or ten-mile hike on four separate occasions. At the Novice (NRPD) level the dog carries 20% of its weight and 30% for the WPD level.

Weight Pull

Dogs compete to see who can pull the most weight 16 feet. They pull a wheeled cart on an earthen surface. The handler has no contact with the dog during the pull, so it is up to the dog's willingness to pull. To earn a GSMDCA Working Weight Dog title, your swissy must successfully pull the following weight at 4 separate qualified events: WWD – 10 times their body weight; WWDx – 15 times their body weight; WWDs – 20 times their body weight (only 3 times).
