National Specialty Judge Selection Process
The National Specialty Judge Selection Process has been designed to provide members a meaningful voice while still allowing the National Specialty Show Committee valuable input to assist in maintaining control over the National Specialty budget. This Process also allows the Board the ability to ensure that the mission and objectives of the Club will be served by the judges it hires.

Judges Selection Committee
The GSMDCA President, with the approval of the Board of Directors, shall appoint a “Judges Selection Committee” (JSC) for the purpose of selecting conformation, sweepstakes, futurity, obedience and rally judges at the National Specialties. The Committee shall be comprised of at least two members in good standing. One member of the GSMDCA Board will be appointed by the President to serve as an independent observer of the balloting process. The Committee shall be a standing committee and shall be reappointed at the beginning of each new term.

Selection Process
The selection of the National Specialty (NS) judges for conformation, sweepstakes, futurity/maturity, obedience and rally shall be conducted on an annual basis through vote of the membership via electronic balloting. The Judges’ Selection Ballot for each NS will be composed of five nominees for Conformation and at least three nominees each for sweepstakes, futurity/maturity, obedience and rally.

Nominations
Nominations for conformation and futurity/maturity judges will be solicited from the General Membership via an annual electronic ballot. The JSC shall prepare a Judges' Nomination Ballot consisting of those judges regularly approved by the AKC who live in the United States and are licensed to judge Greater Swiss Mountain Dogs as of 14 days prior to the release of the ballot to the membership. Members may also write in candidates directly on the nomination ballot, which must include the judge’s name and contact information. Each GSMDCA member in good standing will be allowed to nominate up to five judges for Conformation and three judges for Futurity/Maturity. Nominated conformation judges must have a minimum of eight nominations in order to be on the Judges’ Selection Ballot for Conformation. If the selection ballot is not filled by nominees receiving at least 8 nominations, the JSC will send a second nomination ballot to the membership for voting, consisting of all nominees who received at least three nominations on the first nomination ballot.

The NS Show Committee, will provide three nominees each for sweepstakes, obedience and rally to the JSC for inclusion on the Judges’ Selection ballot. The NS Judges’ Coordinator will have previously contacted these nominees to determine their interest in accepting the judging assignment.

After the nomination process is complete, the JSC will tally the nominations and review the nominees for compliance with stated GSMDCA requirements. Should an individual receive enough write in nominations to be included in the Judges' Selection ballot for conformation, they will be asked if they are willing and able to fulfill all criteria set by the AKC to have a onetime permit approved to judge the National Specialty. (Per
AKC regulations and criteria, the GSMDCA can request AKC approval for a Breeder/Owner/Exhibitor, who is not currently an AKC licensed judge, to judge the National Specialty.

The top vote getting qualified nominees and nominees provided by the NS Show Committee will be presented to the GSMDCA Board of Directors (BOD) for approval. The BOD may veto a proposed candidate if they believe the Club will not be well served by that candidate; however, the final ballot shall be established primarily based on the number of votes received from the General Membership. If the BOD vetoes a nominee, the nominee with the next highest number of votes will be added to the draft Judges' Selection Ballot.

Once a draft selection ballot has been established, each of the nominees as voted on by the membership will be contacted to verify that they would, if chosen, accept the assignment considering show site, date and established criteria. If the nominee judge declines, contact will be made with subsequent judges in descending order of votes received until the required pool of judges has been obtained. Nominees will be asked to submit a biography summarizing their qualifications for publication on the GSMDCA website prior to the Membership vote.

Voting
The five nominated candidates selected for conformation and at least three candidates each for sweepstakes, futurity/maturity, obedience and rally listed in alphabetical order will be posted to the GSMDCA website, along with their Biographies. An electronic Judges' Selection Ballot will be sent to each GSMDCA member in good standing, who can vote for 2 candidates for conformation and 1 candidate each for sweepstakes, futurity/maturity, obedience and rally. The vote will be tallied by the JSC with overview by the BOD representative. The candidate with the most votes in each venue will be selected to judge at the National Specialty Show. In the event of a tie vote, the candidate who received the most nominations on the initial nominating ballot will be selected from those tied in the final vote.

Schedule
The Voting Schedule should facilitate the selection of judges about 15 months prior to the National Specialty. Specific dates will be applied to the schedule based upon the date selected for the NS.
Announcement of upcoming nominations - start date
• Nominating Ballot to the membership - 2 weeks
• Compile Candidates for final vote (process nominations, vet and acquire bios from judges) - 3 weeks
• Announce the final candidates - date
• Judges' Selection Ballot to the membership - 2 weeks
• Prioritized list of judges sent to NS Judges’ Coordinator for contracting - end date
**Hiring**

Hiring and contracting a judge will be the responsibility of the NS Judges’ Coordinator (NSJC). The NSJC is to be appointed by the NS Show Committee and is ineligible to exhibit any dog or enter a dog owned/co-owned by them at that National Specialty in Conformation, Sweepstakes, Futurity/Maturity, Obedience or Rally. Utilizing the prioritized list of judges provided by the JSC for each venue, the NSJC will contact the top vote receiving judge to verify their availability to judge for the date and location of the show, as well as, verify the fees and expenses that will be charged to the club. Once verbal commitment has been gained, the NSJC will draft a written contract to present to the NS Show Committee for approval before sending the written contract to the judge. If a judge expressly declines the assignment, then the judge with the next highest number of votes on the JSC’s prioritized list will be contacted and so on. After the NS Judges’ slate has been contracted, any other specialties that are being conducted in conjunction with the NS will be encouraged to use any of the remaining judges on the JSC’s prioritized list.

**Replacing Judges**

In general, judges who are unable to conduct their assignment shall be replaced by the candidate with the next highest number of votes in the Judges’ Selection voting. If no other candidates selected during the voting are available, the NS Show Committee will select a qualified candidate and submit this candidate to the GSMDCA Board of Directors for approval.

**Other Considerations**

- All conformation judges must adhere to AKC Guidelines for Conformation Judges’ booklet, and this provision must appear in the signed contract.

- The NS Judges’ Coordinator will provide all judges with the GSMD AKC breed video or DVD and the GSMDCA approved judges' seminar packet. The judging contract will stipulate that the judge must review this material prior to judging at the NS.

- Per AKC rules, dogs owned or co-owned by the Conformation, Sweepstakes and Futurity Judges may not be exhibited in the Sweepstakes, Futurity or Regular conformation classes at that Specialty event. A multi-day specialty is considered one event, and the restriction will apply for the duration of the event. Additionally, the Conformation judge may not exhibit any dogs owned or co-owned by them or their household members, the three days before and the three days after an assignment within 200 miles of the assignment. Per GSMDCA rules, dogs bred by the judge may not be shown to the judge, but may participate in other events. For example, dogs bred by the Sweepstakes judge may not be shown in Sweepstakes, but may be shown in regular conformation classes and/or Futurity provided they are not owned by the judge.
• Sweepstakes and/or Futurity/Maturity judges may exhibit at Independent/Regional Speciality shows following the National Speciality. They are not part of the multi-day National Speciality and carry their own event number. Contracted judges may not exhibit at Independent/Regional Speciality shows taking place prior to National Speciality to prevent any predisposed bias.

• Professional handlers, unless they own or co-own an entered dog, may not show in Sweepstakes and Futurity/Maturity. Nor may any handlers, amateur or professional, accept remuneration for handling another person’s dog in sweepstakes and futurity. This notice of exclusion must be included in the premium list.

• NS Committee must approve all judge’s contracts before being finalized. Top 20 judges are exempt and are selected (and kept secret) by the Top 20 committee.

• Members of the Judges Selection Committee will not have any direct communications with judge nominees or candidates on the voting ballot. All necessary communication will be handled by the Judges’ Coordinator with a carbon copy to the GSMDCA Board e-mail. The NS Judges’ Coordinator and their immediate family shall not show a dog at the NS in Conformation, Sweepstakes, Futurity/Maturity, Obedience or Rally. Any other person (and their immediate family) delegated to contact a Judge in order to hire, contract or coordinate judging details will not show a dog at the NS to that judge.

• All judges of all events are requested to attend and speak at the banquet, and are requested to provide a written critique for the SENNtinel.

• The judges’s coordinator is only responsible for the contracting of judges for Conformation, Sweepstakes, Futurity/Maturity, Obedience and Rally. The individual chairs for working events (pack hike, weight pull, draft, and herding) are responsible for those assignments.
